

ENVITHATCH by ENVIRO : Thatch

Details

EnvithATCH, a part of Enviro Living, presents a permanent solution for all your thatch roofing needs. By choosing us, you opt for remarkably durable, resistant, recycled and recyclable products. You are opting for aesthetics that are identical to natural roofing, while enjoying a peace of mind with no maintenance and unparalleled longevity

Thatch roofing is more than just a building material, it's a symbol of cultural heritage and tradition.

Thatch roofing emerges as a beacon of hope for a greener future. Its timeless appeal, environmental benefits, and cultural significance make it a compelling choice for those seeking to embrace tradition while building responsibly for generations to come.

In a world where modernity often overshadows tradition, thatch roofing stands as a testament to the enduring beauty of age-old practices and the profound connection between architecture, nature, and culture.

Envithatch is a premium roofing solution crafted from synthetic rattan, designed for Indonesian and other tropical countries market.

Our thatch offers an exquisite blend of tropical aesthetics and durability, making it an ideal choice for both residential and commercial projects.

Envithatch is specifically engineered to thrive in the Indonesian climate. It is resilient against heavy rain, strong winds, and intense sunlight, making it a perfect roofing solution for the Indonesian local conditions.

Detail

EnvithATCH, bagian dari Enviro Living, menghadirkan solusi permanen untuk semua kebutuhan atap jerami Anda. Dengan memilih kami, Anda memilih produk yang sangat tahan lama dan dapat didaur ulang. Anda memilih estetika yang identik dengan atap alami, sambil menikmati ketenangan pikiran tanpa perawatan dan umur panjang yang tak tertandingi.

Atap jerami lebih dari sekedar bahan bangunan, namun merupakan simbol warisan budaya dan tradisi.

Atap jerami muncul sebagai mercusuar harapan bagi masa depan yang lebih ramah lingkungan. Daya tariknya yang tak lekang oleh waktu, manfaat lingkungan, dan signifikansi budaya menjadikannya pilihan menarik bagi mereka yang ingin merangkul tradisi sambil membangun secara bertanggung jawab untuk generasi mendatang.

Di dunia ini, modernitas sering kali mengalahkan tradisi, atap jerami menjadi bukti keindahan abadi praktik kuno dan hubungan mendalam antara arsitektur, alam, dan budaya.

Envithatch adalah solusi atap premium yang dibuat dari rotan sintetis, dirancang untuk pasar Indonesia dan negara tropis lainnya.

Jerami kami menawarkan perpaduan indah antara estetika dan daya tahan tropis, menjadikannya pilihan ideal untuk proyek perumahan dan komersial.

Envithatch dirancang khusus untuk berkembang di iklim Indonesia. Atap ini tahan terhadap hujan lebat, angin kencang, dan terik sinar matahari, menjadikannya solusi atap yang tepat untuk kondisi lokal di Indonesia.
